## Type of Membership:

**Bed / Plot adoption**                       **Communal Partnership**                       **Communal Supporter**

**Bed Adoption:** I am responsible for planting and maintaining my garden bed/plot. I understand that I will be expected to donate 50% of the produce I grow to the Giving Garden to be incorporated into their weekly harvest donation during growing season. Either I or my group will attend weekly harvest parties. If I am unable to participate, I give permission to the Giving Garden staff to harvest on my behalf.

**Communal Partnership:** I am responsible for participating in planting and maintaining the communal garden bed/plot. I understand that I will be expected to attend garden work parties and harvest parties, which is expected to be once a week. It is understood that 50% of the produce grown in the communal beds will be donated to the Giving Garden to be incorporated into their weekly harvest donation, during growing season. And the other 50% of the harvest will be divided equally among communal partners.

If I am unable to participate in these events, then I will coordinate a time to work in the garden on another date. If I miss 3 consecutive work or harvest parties, my membership moves from partner to supporter.

**Communal Supporter:** I will coordinate with the Giving Garden Coordinator a day and time I am able to come work in the garden or attend a work party, in exchange for a small portion of produce, herbs, or flowers that is available for harvest on the day I work.
