CO-PRODUCING THE CITY

UW TACOMA AS AN ANCHOR INSTITUTION

WIM WIEWEL / PRESIDENT, PORTLAND STATE UNIVERSITY

PORTLAND STATE UNIVERSITY HAS LONG BEEN DEEPLY ENGAGED WITH ITS COMMUNITY.

The relationships with business, government, civic and community organizations and institutions are becoming more and more institutionalized and permanent. What does it take to move from individual projects and episodic partnerships to long-lasting partnerships that co-produce the metropolitan area — physically, economically, socially, culturally?

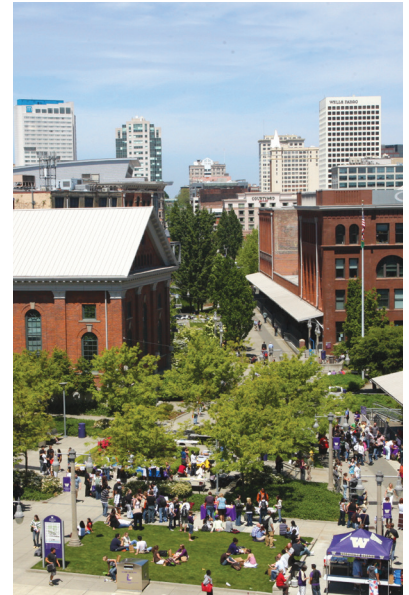

Based on his previous work in Chicago and Baltimore, PSU's president WIM WIEWEL elevated and deepened PSU's practice, which may hold insights for UW Tacoma.
