### WAIVED COSTS

The University Y is largely funded by two student fees, including the Services & Activities Fee. Because of this funding, student reservations receive waived costs for room rental, equipment and the basic cleaning.

### RESERVATION PRIORITY

For events held during the academic year, students are able to reserve spaces 12 months and less out from the event date.

For events held during academic breaks and the summer, students are able to reserve spaces at any time.

### DAMAGES

Facility and equipment damage caused by an event will result in remuneration charges for the associated damages.

### EQUIPMENT & SERVICES

We have a variety of equipment (A/V, tables, chairs, stage, sign holders) and services that are available for event use. See the Equipment & Services page on our website for more information.

### \* CLEANING FEE

The basic cleaning fee for events reserved by students is waived. Damages to equipment or the facility (stains, food ground into carpet, etc.) will result in a charge to the event. This will be assessed post-event by our staff.

We encourage all events to monitor their cleanliness, as to assist with keeping our spaces clean and to prolong facility life.
