

## 11/15/2021 Mechanical Engineering Committee Meeting

### Agenda items:

- Course and program community building
- Update on labs and equipment for winter classes
- Electives for next AY (2022-23). We need to offer 2 in fall, winter, and 3 in spring. Please add the names/numbers to the [spreadsheet](#) so we can start to build the schedule.
- Update on fluids course with civil
- How do we want to handle the FE review course next year?
- How do we want to handle student design spine portfolios?
- Admission Requirements
