SCENARIO 1: You tested positive for COVID-19.

Regardless of your vaccination status and regardless of whether or not you have symptoms:

STAY HOME AND SELF-ISOLATE.

- Do not go to work or class for 5 days since your symptoms started, 5 days since your test date (if you have no symptoms), or as instructed by a contact tracer.

ENTER YOUR WA NOTIFY PIN.

Your contact tracer will give you a PIN number to enter in your mobile device to confidentially alert close contacts.

WEAR A MASK.

- Wear a well-fitting surgical mask or KF94/KN95/N95 when around others at home and in public for 5 additional days (through day 10). Follow additional CDC restrictions for travel, eating, and other activities.

COMPLETE THE ELECTRONIC SURVEY.

The COVID-19 Response and Prevention Team will send you a link to a health survey prior to the end of your isolation period.

GET TESTED IMMEDIATELY.

- You tested positive for COVID-19.

FOLLOW SCENARIO 1.

SCENARIO 2: You were in close contact with an individual who tested positive for COVID-19.

Are current on COVID-19 vaccination and booster doses?

- YES

Do you have symptoms?

- NO

STAY HOME AND SELF-ISOLATE.

- Do not go to work or class. Wear a well-fitting surgical mask or KF94/KN95/N95 when around others at home and in public.

- You do not need to stay home. You can return to work or class.

- If you have no symptoms, wear a well-fitting surgical mask or KF94/KN95/N95 when around others at home and in public for 5 additional days (through day 10).

GET TESTED AT LEAST 5 DAYS AFTER EXPOSURE or immediately if you are unsure when you were exposed.

- POSITIVE

- FOLLOW SCENARIO 1.

- NEGATIVE

GET TESTED AT LEAST 5 DAYS AFTER EXPOSURE or immediately if you are unsure when you were exposed.

- POSITIVE

- You can return to work or class if all of the following apply to you:
  1. Your symptoms are mild; and
  2. Your symptoms have improved; and
  3. You have not had a fever for at least 24 hours without fever-reducing medication.

- FOLLOW SCENARIO 1.

- NEGATIVE

- Watch for symptoms and wear a mask around others outside of your household for 10 days since your last exposure. If you develop symptoms, follow instructions for vaccinated close contacts with symptoms in Scenario 2.

- FOLLOW SCENARIO 1.

Contact covidehc@uw.edu to receive additional guidance.

SCENARIO 3: You have a symptom(s) of COVID-19 but no known exposure to a COVID-19 positive individual.

STAY HOME AND SELF-ISOLATE.

- Do not go to work and/or class, regardless of vaccination status.

GET TESTED IMMEDIATELY.

- POSITIVE

- FOLLOW SCENARIO 1.

- NEGATIVE

GET TESTED IMMEDIATELY.

You can return home after day 5. Wear a well-fitting, surgical mask or KF94/KN95/N95 when around others at home and in public for 5 additional days (through day 10).

Notify covidehc@uw.edu and get tested immediately. Stay home for 5 days from symptom onset or as directed by a contact tracer.

Not having symptoms does not prevent you from spreading the virus.

You may continue to transmit the virus for up to 10 days.

Contact covidehc@uw.edu to receive additional guidance.

END ISOLATION AFTER DAY 5

If you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved. Students in residence halls isolate for 7 days and have additional requirements.

End isolation after day 5 if you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved. Students in residence halls isolate for 7 days and have additional requirements.

YOUR CONTACT TRACER WILL GIVE YOU A PIN NUMBER TO ENTER IN YOUR MOBILE DEVICE TO CONFIDENTIALLY ALERT CLOSE CONTACTS.

WEAR A MASK.

- Wear a well-fitting surgical mask or KF94/KN95/N95 when around others at home and in public for 5 additional days (through day 10). Follow additional CDC restrictions for travel, eating, and other activities.

The COVID-19 Response and Prevention Team will send you a link to a health survey prior to the end of your isolation period.

GET TESTED IMMEDIATELY.

You tested positive for COVID-19.

STAY HOME AND SELF-ISOLATE.

- Do not go to work or class for 5 days since your last exposure or as instructed by the contact tracer. Watch for symptoms for 10 days.

GET TESTED AT LEAST 5 DAYS after exposure or immediately if you are unsure when you were exposed.

- POSITIVE

- FOLLOW SCENARIO 1.

- NEGATIVE

GET TESTED IMMEDIATELY.

You can return to work or class if all of the following apply to you:

- Your symptoms are mild; and
- Your symptoms have improved; and
- You have not had a fever for at least 24 hours without fever-reducing medication.

If your symptoms are severe or getting worse, stay home, notify covidehc@uw.edu, and consult a healthcare provider.

FOLLOW SCENARIO 1.

- If you receive a classroom or workplace notification, watch for symptoms for 14 days and activate WA Notify.

- Do not go to work or class for 5 days since your last exposure.

END ISOLATION AFTER DAY 5

If you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved.

End isolation after day 5 if you are fever-free for 24 hours without the use of fever-reducing medication and your other symptoms have improved.
