

FINAL: Distribution of Practice Behaviors Across BASW and MSW Foundation Curricula

(Note: Please refer to attached 2015 EPAS pages for Competency (Cs) & Practice Behaviors (PBs). One the EPAS document, The PBs are not lettered or numbered, please think of them as A, B, C...)

Below are my revisions after today's meeting. As you can see in the summary at the end, there are a couple of classes at both degree levels that are a little on the heavy side (310, 510 notably). That might just be the nature of it since we are, after all, a practice-based profession. But if anyone has an idea for alleviating a little of the pressure, I'd be happy to hear it.

Please let me know what you think of this and whether we're ready to move forward or you want another discussion (vote?) of the distribution. I will follow up with the STAR folks in Seattle to get it implemented, and will come up with a syllabus item or chart that you can use with classes starting next year.
