

UW TACOMA MSL

MARCH NEWSLETTER

MARCH MONTHLY CONNECTION

For our March connection we spent time visiting the Museum of Glass in Tacoma. We learned about the science and history behind glass blowing. It was also fascinating to explore the many careers that are attached to the creation and display of the art. For those students who attended, we will be reaching out to you to see how you would like to collect the fused glass piece you created. We will send them by mail, or you can pick them up at our April connection.

APRIL MONTHLY CONNECTION

In April our plan is to celebrate Earth Day for our Monthly Connection. We will meet on April 16th from 10-1 at UW Tacoma. On that day we will explore the South Sound Sustainability Expo, which is taking place on campus. We will also volunteer with UW's Giving Garden where we will plant native plants in the garden and create identification signs for the plants.

IMPORTANT INFORMATION

We are currently accepting applications for MSL 2022-2023. The theme is Public Health and our summer program will be July 11th -29th. Scan the QR code to fill out an interest form.
