

SECTION: Distance Learning Policy

ADMINISTRATOR: Dean

APPROVED: April 20, 2022

In AY22/23, SIAS's distance learning policy is as follows:

Modality: iTech trained faculty may teach in any of the [four modalities defined by the Tri-Campus Digital Learning Alliance](#) (in-person, hybrid, synchronous remote, and asynchronous remote). For in-person courses, SIAS will continue to use 61 as the minimum percentage of sessions that should be held in-person.

Training and Certification: Faculty teaching in any modality other than in-person, must have completed iTech training or an equivalent program approved by the SIAS Dean's Office.

Assessment: During AY22/23, DL assessment is not required of faculty who have completed training as described above.

In the absence of an approved long-term SIAS Distance Learning policy, SIAS will revert to the 2016 campus-level DL policy, which currently does not allow the synchronous remote modality, in Autumn of 2023.
