

UW Google with Shared UW NetIDs ends September 5, 2023

Due to changes to the UW Google service, the use of UW Google with Shared UW NetIDs will be eliminated, effective **September 5, 2023**. [The UW Google service includes YouTube, Drive, and other frequently used tools](#). Owners and administrators of Shared UW NetIDs with UW Google service accounts must migrate data from these services or delete data that is no longer needed.

If you don't know who the owner or administrator of the Shared Net ID, here is how.

1. Log in to MyUW with the Shared Net ID.
2. Click "Manage UW NetID Account" under "Quick Links".

Quick Links

[Directory Search](#)

[Manage UW NetID Account](#)

[UW Libraries](#)

3. From the left-hand side menu, click "Owners and Administrators".

Manage uwtech

- John Stevens (stevensj)

Note: *If you are an owner or administrator, you should access this page using your personal UW Netid.*

Any data that is not removed from these services will be deleted after **September 5, 2023**.

Please note that **Shared UW NetIDs are *not* being deleted**; only UW Google accounts and services for Shared UW NetIDs are being deleted.

UW Tacoma Information Technology can assist you with data migration from UW Google Drive to UW Microsoft One Drive.

1. Self-service tool – Use Mover.IO to migrate UW Google Drive content to UW Microsoft OneDrive
<https://vimeo.com/689477072>

If we want to embed it:

```
<iframe src="https://player.vimeo.com/video/689477072?h=d0771d4659" width="640"  
height="360" frameborder="0" allow="autoplay; fullscreen; picture-in-picture"  
allowfullscreen></iframe>
```

2. Set-up an appointment with IT Helpdesk - Please send an email to tachelp@uw.edu and provide the following information.
 - Shared UW Google NetID
 - Personal NetID
 - Total File Size
 - Contact number
 - Best times to contact
