Starting on Sunday July 31st at 6pm, crews will mobilize and start the 9th and Commerce cutover. **This work requires a full closure of the S. 9th and Commerce Street intersection and will require the contractor to work 24/7 till September 16th.** This construction activity will connect the existing T-Line to the future Hilltop Tacoma Link Extension at Commerce Street.

**What**
- Full vehicle closure to the S. 9th and Commerce St. intersection
- Limited pedestrian access at the S. 9th and Commerce Street intersection
- 24-7 work hours with the use of various construction equipment and vehicles which includes the use of excavators, jackhammers, demo saws, vacuum truck, concrete trucks, light plants, and generators.
- Local access only for parking garages on Commerce between S. 7th and S. 11th streets (flaggers will be present to allow access in certain areas)
- Crosswalk and sidewalk restoration will occur at each corner of the intersection as well as various locations along Commerce Street between S. 7th and S. 9th streets
- Pierce Transit
  - The Theater District Station will be demo’d and removed during this work. The Tacoma Link line will be shut down and a shuttle bus service will be provided at 9th and Pacific that will serve the Tacoma Link line during the work.
  - Pierce Transit buses/routes that were served on Commerce St between S 9th and S 11th streets will be relocated to Market Street. [PierceTransit.org](http://PierceTransit.org).

**When**
Starting July 31st at 6pm and completing on September 16th

**Where**
S. 9th Street and Commerce St. to S. 7th Street and Commerce St.
More

- Cross the street at only designated crosswalks. For wheelchairs, walkers, strollers, and bicyclists’ cross tracks at a right angle. Obey all traffic signs and signals.
- Driveway and pedestrian access are maintained, although some sidewalks and crosswalks will be temporarily closed. Pedestrian/Vehicle detours will be in place.
- Buses will follow detour routes. Visit PierceTransit.org for information.
- Construction noise related to removing pavement and operating equipment.
- Large construction equipment or materials may be in the right-of-way.
- Businesses are open during construction. Supports your local business and stay Loyal to the Local!
- Plan ahead and allow extra time to reach your destination.
- Due to inclement weather or unforeseen issues, dates and times are subject to change.
