

## **AY 22-23 Faculty Service Assignments**

The following committee assignments were identified based on 1) committee coverage needs due to gaps or expired terms of service; 2) faculty and staff preferences from the spring 2022 committee survey; 3) service thresholds identified in SSWCJ merit-review materials that outline typical service loads for faculty at different career stages; and 4) a commitment to representation from both CJ and SW faculty. Every effort was made to maximize the extent to which faculty preferences were honored.

Please note that only SSWCJ committees and UWT-wide committees where SSWCJ is **required** to send a representative are reflected in the committee assignments. We recognize that most faculty serve on additional campus-wide, tri-campus, and/or community-based committees in addition to those listed below and it is not possible to generate an exhaustive list. Only committees with required representation are listed to foster equity across faculty and staff in terms of staffing non-negotiable SSWCJ commitments.
