

## Autumn 2022 Mentor Schedule (DOU 110)      Oct 3 - Dec 2\*

Mentoring this quarter will be conducted both in person and via Zoom - check for information below to see which sessions are designated as in-person and which ones as remote. Mentors are new to conducting Zoom mentoring, so we ask everyone for patience and understanding in the beginning of this quarter. Each mentor who has a remote session scheduled has his/her own URL for the meetings, which should be selectable by clicking the name in his/her time slot in the schedule below, but the URLs are also listed separately below the schedule (just in case). If you encounter problems with a live connection, e-mail us at [uwtechmentors@uw.edu](mailto:uwtechmentors@uw.edu) (use your UW e-mail please)

Students: Our lab is a quiet study space, no food or drink is allowed in the lab, and masks are required. For any issues related to the helproom, please contact Monika Sobolewska ([monikaso@uw.edu](mailto:monikaso@uw.edu))  
 \*There will be no tutoring available on holidays: Veterans Day (Nov 11) and Thanksgiving (Nov 24 and 25) We may follow a different schedule the last week of classes
