

WHY BUSINESS ANALYTICS?

Students are provided with the knowledge, tools and skills to understand, manage and make use of big data and smart digital solutions. **From the first day of the program, students will join a team to tackle real-world analytics projects with companies.**

Be part of the next-generation of analytics savvy business analysts, project & program managers, analytics managers, chief analytics officers, digital talents, T-shaped analytical thinkers and adaptive innovators who make effective and efficient business decisions that either solve existing business problems or cultivate new opportunities, and improve the performance of organizations.
