

Statistics Consulting Group

The UW Tacoma Statistics Consulting Group is a service administered jointly by the Office of Research and UW Tacoma Teaching and the Learning Center (TLC) that provides free statistical consultations to UW Tacoma faculty.

Who We Are

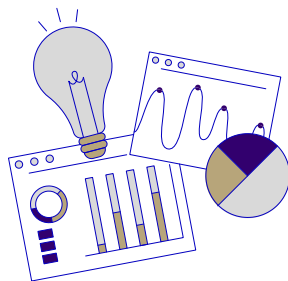

We are comprised of UW Tacoma faculty and staff who either specialize, or have strong experience and training, in statistics and statistical software.

Services Provided

We offer guidance and statistical support at any stage of a project including:

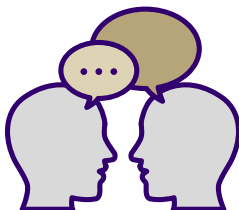

- Experimental design
 - Data collection
 - Analysis
 - Interpretation
 - Drawing accurate inferences
 - Visualization
-

Statistical & Visualization Tools

We provide help with many common statistics software programs such as:

- SAS
 - R
 - SPSS
 - Stata
 - Excel
 - Tableau
-

Contact Us!

Submit a consulting request on our website at <https://www.tacoma.uw.edu/statslab>.

We offer weekly hours for convenience in scheduling as well as consultations by appointment for greater flexibility.
