THE BASICS

Purpose

- “...to **advance new directions in faculty research**”
- that have a “high probability of generating...”
 - **New** creative activities, scholarly understandings, materials/resources, significant data/information, and/or essential instrumentation
- and are likely to...
 - Significantly advance the **reputation of the university**
 - Lead to **external funding**
 - And/or lead to development of **new technologies**

THE BASICS

Purpose

Must “contribute in substantive ways to the **health, creativity, and productivity of the research ecosystem**, as defined by the [UW Vision Statement](#):

*“We discover **timely solutions** to the world’s most **complex problems** and **enrich lives** of people throughout our community, the state of Washington, the nation, and the world.”*

THE BASICS

Not intended to...

- Support **independent** grad student/postdoc research
- Extend or supplement **ongoing** funded research
- As **matching** funds for another grant
- Supplement **start-up** funds
- **Bridge** funding for lapses between external funds
(Bridge Funding program services this purpose)
- Support **pedagogical innovations** with limited impact –
Must advance knowledge, connect to body of literature

THE BASICS

Budget

- Historically, ~\$1 million per cycle (UW royalty and licensing fees) –
 - *Could see fewer funds available (won't know until April 2026)*
- Up to \$40,000
- 1-year (no-cost extension of up to 1-year may be granted)

Scholar vs. Standard RRF

- **Standard:** Up to 2 months summer salary total
- **Scholar:** One quarter teaching release

THE BASICS

Eligibility – Principal Investigator (PI) / Co-Investigator (Co-I)

THE BASICS

Eligibility – Principal Investigator (PI) / Co-Investigator (Co-I)

- RRF views the Co-I and PI role to be equivalent in status – therefore, **eligibility requirements apply to both PI and Co-I**

THE BASICS

Eligibility – Principal Investigator (PI) / Co-Investigator (Co-I)

- RRF views the Co-I and PI role to be equivalent in status – therefore, **eligibility requirements apply to both PI and Co-I**
- **Eligible: Full-time* Professorial Faculty – Assistant or Associate *only***
 - Full Professors no longer eligible as PI or Co-I – can only be named in “Other” role
- **Eligible: Full-time* Professional Staff** with **regular or fixed-term** appointments & PI status
- **NOT Eligible:** Full professors; Part-time, temporary, clinical, acting, affiliate, visiting

**full-time = no less than 100% FTE (no exceptions)*

THE BASICS

Eligibility – Principal Investigator (PI) / Co-Investigator (Co-I)

- RRF views the Co-I and PI role to be equivalent in status – therefore, **eligibility requirements apply to both PI and Co-I**

- **Eligible: Full-time* Professorial Faculty – Assistant or Associate *only***

- Full Professors no longer eligible as PI or Co-I – can only be named in “Other” role

- **Eligible: Full-time* Professional Staff** with **regular or fixed-term** appointments & PI status
- **NOT Eligible:** Full professors; Part-time, temporary, clinical, acting, affiliate, visiting

**full-time = no less than 100% FTE (no exceptions)*

THE BASICS

Eligibility – Principal Investigator (PI) / Co-Investigator (Co-I)

- RRF views the Co-I and PI role to be equivalent in status – therefore, **eligibility requirements apply to both PI and Co-I**
- **Eligible: Full-time* Professorial Faculty – Assistant or Associate *only***
 - Full Professors no longer eligible as PI or Co-I – can only be named in “Other” role
- **Eligible: Full-time* Professional Staff** with **regular or fixed-term** appointments & PI status
- **NOT Eligible:** Full professors; Part-time, temporary, clinical, acting, affiliate, visiting
- Eligible faculty for whom salary is requested **must be** PI/Co-I
- **No “honorary” Co-Is**, must have a “measurable role” – Co-I is equivalent role to PI

**full-time = no less than 100% FTE (no exceptions)*

THE BASICS

Eligibility – Principal Investigator (PI) / Co-Investigator (Co-I)

- RRF views the Co-I and PI role to be equivalent in status – therefore, **eligibility requirements apply to both PI and Co-I**
- **Eligible: Full-time* Professorial Faculty – Assistant or Associate *only***

- **No “honorary” Co-Is**, must have a “measurable role” – Co-I is equivalent role to PI
- **More than one Co-Is** must be clearly justified

**full-time = no less than 100% FTE (no exceptions)*

THE BASICS

Eligibility & Guidelines

Who is Eligible to Apply?

Role	Can be PI or Co-I	Can receive salary support
Professorial Faculty (Assistant or Associate, including Research, Teaching, Clinical Practice, and WOT) Full-Time (100%)	Yes	Yes, if PI or Co-I
Professional Staff Full-Time (100%) With PI Status	Yes	Yes

- All PIs and Co-Is must meet all eligibility requirements in the table above on the submission deadline and for the duration of the award period. Eligibility will be verified.
- The RRF program views the Co-I (Co-Investigator) role as equal in status to the PI, so all PI requirements must also be met by the Co-I. RRF does not permit Co-Is that are honorary (including simply acknowledging a mentor relationship) or without a measurable role in the project. More than one Co-I must be clearly justified.
- If a UW faculty member holds an eligible rank but is based at another institution (e.g., Fred Hutchinson Cancer Center, Seattle Children's Hospital, or VA Puget Sound), all of their extramural grants must be administered by their UW department in order to be eligible for an RRF award.

Who is Not Eligible to Apply?

Role	Can be PI or Co-I	Can receive salary support
Full Professors (see NOTE below)	No	No
Faculty with any of the following appointments: non-professorial, part-time (less than 100%), temporary, acting, clinical (annual term), affiliate, visiting, emeritus	No	No
Professional Staff Part-time (less than 100%), temporary, or without PI Status	No	Yes
Postdoctoral Scholars	No	Yes
Graduate Students	No	Yes

- NOTE: Starting with the autumn round of 2025, no new proposals from full Professors (including Research, Teaching, Clinical Practice, and WOT) will be considered.
- This fund does not support independent research projects undertaken by graduate students or postdoctoral scholars.

THE BASICS

Eligibility – Other Details

- A PI or co-I may submit **(1) proposal per round**
- PIs and Co-Is can only be **funded on (1) project** in the same period
- **Up to (2) resubmissions** of same proposal (3 submissions total)
- **Past recipients** eligible 2 years after formal termination of previous award and receipt of final report
- **No overlap with other funding sources** – RRF *proposals* may also have been submitted to external funders, but an RRF *award* cannot be used if an external award covers the same budget items or proposed activities

THE BASICS

Deadlines

- Solicited twice a year
- Due by **5pm** on:
 - The first Monday in March (**Monday, March 2, 2026**)
 - The last Monday in September (**Monday, September 28, 2026**)
- Awards announced by January 15 / June 15

The RRF Office strongly advises submitting 3-4 days in advance of deadline (by Thurs, Feb 26th)

***Applicants must submit final proposal elements to UWT Office of Research by
Wed, Feb 18th***

OFFICE OF RESEARCH

ROYALTY RESEARCH FUND (RRF) OPPORTUNITY

Please note that UWT RRF submissions have an earlier deadline than the deadline posted on the main UW webpage:

UWT RRF Submission Timeline and Process:

- At least 12 business days prior to the RRF Submission Deadline please notify UWT Office of Research (UWTOR) of Intent to Apply - fill out online form [here](#). **Spring 2026: Friday, February 13th**
- 10 Business Days prior to the RRF Submission Deadline - ALL final proposal requirements due to UWTOR for review and UWT internal eGC1 routing (PLEASE NOTE: All RRF proposals from UW Tacoma MUST route through the UWT Office of Research for review and submission through UW's grant processing system, SAGE, and require Dean/Director approval. **Spring 2026: Wednesday, February 18th**
- 3 business days prior to the RRF Submission Deadline UWTOR will submit proposals through an eGC1 to RRF for review. This will give PIs time to address any questions or recommended changes before final submission. **Spring 2026: Thursday, February 26th**

How UWTOR Will Help Support Your RRF Proposal Submission:

- Manage eGC1 process in SAGE (UW's Grant Management System):
- Review for RRF eligibility/compliance.
- Support project budget development; Compile and review all proposal documents.
- Coordinate with collaborators and subawardees to collect and verify required elements (if applicable.)
- Confirm project team required training and attestations.
- Route, submit eGC1 with proposal documents, and address feedback from UWT and RRF approvers.
- Complete final submission via SAGE to RRF.

For questions, please contact us at uwtor@uw.edu.

Recent changes to the RRF Process (Fall 2025):

- Faculty eligibility is now limited to Assistant and Associate Professors (including Research, Teaching, and WOT faculty). Full Professors are no longer eligible to submit new proposals.
- Co-Is (formerly Co-PIs) are considered equal in status to the PI and must have a measurable role in the project. Including more than one Co-I requires justification.
- We now ask for a Lay Summary - rather than an abstract - on the proposal cover page.
- Zoom office hours to support applicant teams will be scheduled the month before the submission deadline.

For more application information, click the button below to be directed to the main RRF webpage.

THE BASICS

Broad Funding Patterns

- Average tri-campus award rate: Historically =23-26%; Jan 2026 awards = **21%**
- Tacoma average (last 10 rounds): **30%** (ranges from 0-50%)

June 2025 awards:

- ~30% increase in submissions
- ~19% tri-campus funding rate

PROPOSAL REVIEW PROCESS (NEW)

Introduced in Sept 2025; **remains the same for March 2026:**

- 1) Proposals is assigned to one of **(4) RRF committees**
- 2) Committee members assigned to review 5-6 proposals;
Asked to assess proposals based on the following **review criteria**
 - (1) Suitability of proposal to **advance RRF objectives**
 - (2) **Merit**
 - (3) **Capability** of investigator(s); Technical **soundness**; Likelihood of **success**
- 3) Initial **'triage' meeting**: Committee briefly discusses each proposal and votes to identify the **"most competitive"**

PROPOSAL REVIEW PROCESS (NEW)

Introduced in Sept 2025; **remains the same for March 2026:**

- 4) “Most competitive” proposals **reviewed by all committee members**
- 5) Second **decision meeting:** Committee discusses “most competitive,” **makes funding recommendations** to RRF Chair

REVIEW CRITERIA

REVIEW CRITERIA

(1) Suitability of proposal to **advance RRF objectives**

REVIEW CRITERIA

(1) Suitability of proposal to **advance RRF objectives**

RRF objectives:

- “...to **advance new directions in faculty research**”
- that have a “high probability of generating **new** creative activities, scholarly understandings, materials/resources, significant data/information, and/or instrumentation
- and are likely to...
 - Significantly advance the **reputation of the university**
 - Lead to **external funding**
 - And/or lead to development of **new technologies**

REVIEW CRITERIA

(2) Merit

REVIEW CRITERIA

(2) Merit

Clues from “old” RRF review criteria: ***“Intrinsic merit of the research”***

- Likelihood that the research will lead to new discoveries or ***fundamental advances*** in the field(s)
- Potential for substantial ***impact on progress*** in that field
- Likelihood that the research will contribute to achieving a ***goal that is extrinsic or in addition to*** that of the field

REVIEW CRITERIA

(3) **Capability** of investigator(s); Technical **soundness**; Likelihood of **success**

REVIEW CRITERIA

Broader Impacts no longer explicit review criteria

REVIEW CRITERIA

Broader Impacts no longer explicit review criteria

Now genericized – **Likelihood of advancing the [UW Vision Statement](#):**

*“We discover **timely solutions** to the world’s most **complex problems** and **enrich lives** of people throughout our community, the state of Washington, the nation, and the world.”*

REVIEW CRITERIA

Proposals submitted by **Associate Professors** –
“will be assessed considering their more advanced standing”

REVIEW CRITERIA

Proposals submitted by **Associate Professors** –
“will be assessed considering their more advanced standing”

“Old” RRF review criteria:

Preference for junior faculty; Senior faculty are funded only when the proposal...

- *“...supports a **genuinely new direction** in the applicant’s research and/or career development*
- *“...provide a **unique opportunity** (e.g. competing for subsequent one-time or infrequently-offered funding, undertaking research that is inherently time-sensitive)*
- *“...originate in a discipline for which **external funding opportunities are limited***

PREPARING THE PROPOSAL

PREPARING THE PROPOSAL

*All Required,
All Important!*

Proposal components

- **Cover page**, with 300 word 'lay summary' (1 page)
- Resubmissions: **Response to previous reviews** (1 page)
- **Description of proposed research** (6 pages)
- **Budget table and justification** (3 pages; use required template)
- **CV(s)**, for PI and any Co-I(s) (2 pages each)
- **Other research support** (even you have none, for PI and any Co-I(s)) (2 pages each)
- **Bibliography and References** (2 pages)

****Starting fall 2025, NO suggested reviewer memo****

<https://www.washington.edu/research/or/royalty-research-fund-rrf/rrf-for-applicants/application-instructions/>

PREPARING THE PROPOSAL

Description of proposed research *(6 pages)*

- A. Introduction and Rationale
- B. Broader Impacts
- C. Objectives
- D. Procedure
- E. Time Schedule
- F. Need for RRF Support

**Section headings MUST appear exactly as above, in order;
Do not include any other heading**

PREPARING THE PROPOSAL

Conceptualizing your project

- Scope: **1-year**
- **Discrete** project...
 - ...but clearly **connected to long-term research** agenda
- Focused on **increasing competitiveness** for future funding
 - ...and/or **your development** as a scholar / UW faculty

PREPARING THE PROPOSAL

Think of the proposal's narrative arc...

A. Introduction/Rationale:

- Brief **critical review** of pertinent literature / theoretical background
- **Justification** for proposed research, including **significance** and **potential impact**
- **Preliminary work** (if any), **results** achieved (if any), **prior publications** (if any)

A. Introduction/Rationale:

- *Successful proposals also...*

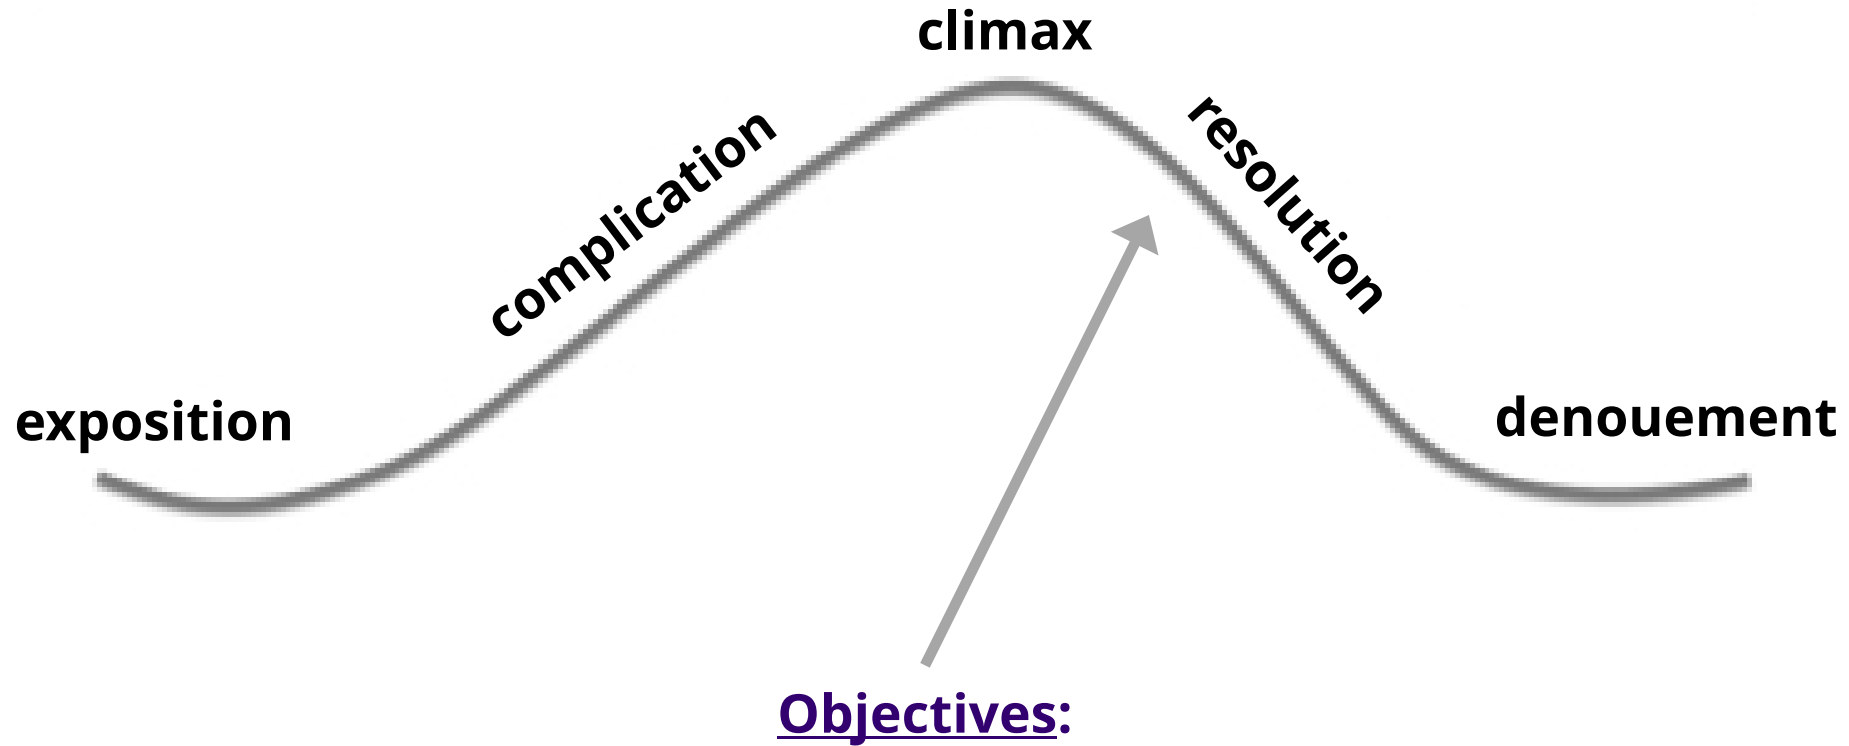

*...Clearly identify the **critical gap in knowledge / theory / practice** that the proposed work will fill*

B. Broader Impacts

- How will the project contribute in **substantive ways** to the health, creativity, and productivity of **the research ecosystem**, as defined by the [UW Vision Statement](#):

*"We discover **timely solutions** to the world's most **complex problems** and **enrich lives** of people throughout our community, the state of Washington, the nation, and the world."*

- What is the project designed to **accomplish**
- **Successful proposals also...**
 - ...Articulate a **clear connection between The Critical Gap** identified in the Introduction & Rationale and the stated objectives
 - ...Describe objectives that are **specific & measurable**

Procedure:

- What **methods / materials / tools** will be used to meet the objectives?
- If access to a particular location/lab is required, indicate **whether permission is secured**
- **Successful proposals also...**
 - ...Describe the **capacities** that position the PI / Co-Is to successfully execute

Time Schedule:

- How will proposed work be **completed within 1-year?**
- **Successful proposals also...**
 - ...often include a table outlining **key milestones** (e.g. Gantt chart)

Need for RRF:

- How could the award **lead to further outside funding or commercial applications?**
- What **other efforts** have been made to find support for the projects?
- Document **teaching load** (if requesting release, i.e. submitting as "RRF Scholar")
- ***In prior rounds*, successful proposals also...**

...spoke to how the award **would advance your overall research agenda** and career trajectory

BUDGET

BUDGET

Budget

- Up to **\$40,000**
- Budget reductions have occurred, but not recently
 - **Request only what you *really* need**
- Per RRF Office (1/2026), no changes *anticipated* to budget or budget decisions – *but who knows?*

BUDGET

Allowable budget categories

- **Faculty salary**
 - 2 months summer (“standard”) or release costs for 1 quarter (“scholar”)
 - Summer salary and teaching release rare – justify, identify priority
 - Faculty salary may only be requested for PI/co-I(s)
- **Retirement and Benefits**
- **Research assistants** - Grad students / Undergrads
- **Other staff**
 - Technicians/Professional Staff: 2 months (if co-PI), by justification if not PI
 - Contractors/Consultants/Collaborators
- **Travel (non-conference), supplies/materials, equipment**
- **Student aid/tuition, if applicable**
- **NO indirect costs**

SUBMITTING THE PROPOSAL

SUBMITTING THE PROPOSAL

Process

- 1) **eGC1** created in SAGE [*Systems to Administer Grants Electronically*] by UWTOR
- 2) **Proposal documents** attached to eGC1 as **single PDF**
- 3) **Approvals via SAGE:** Dean/Director → UWT Fiscal Services → UWT Associate Vice Chancellor for Research → UW Seattle RRF Office
 - Plan time for review and approvals!
 - Get written approval for course release with Dean/Director before submission

*The RRF Office strongly advises submitting 3-4 days in advance of deadline (by Feb 26th) –
Pls are required to submit to UWTOR by Wed, Feb 18th*

How is what you are proposing **different than what you have done before?**

- Clearly distinguish between *past* and *proposed activities*, how proposed *builds on previous*
- **What discrete outcome will RRF be able to point to** as a result of the funding?

Be **realistic about your scope** with **well-thought out plan of action**

- Overly ambitious scope reads as though you don't know what you're doing
- Demonstrating that you have thought through details signals competency to execute

For **resubmissions: Demonstrate responsiveness**

- Committee members get to know proposal and may advocate for it

Framing UW Tacoma context:

- Remind reviewers/committee (likely in “Need for RRF”) of:

- Predominantly undergraduates
- Diverse student population

Check for current: <https://www.tacoma.uw.edu/home/about-university-washington-tacoma>

- *Over 50% of undergrads First to College of First to Degree*
- *Over 60% of undergrads are students of color*
- *~20% military-affiliated students*
- *Anchor for South Sound rural communities*

DECISIONS

DECISIONS

- Proposals assigned to each committee have a **roughly equal chance** of funding

DECISIONS

- Proposals assigned to each committee have a **roughly equal chance** of funding
- Decision letters offer a clue as to how close to being funded
 - “...competitive...”
 - Among handful of proposals that made it past triage and were discussed a second time, but were unfunded proposals
 - “...would probably require significant revisions”
 - Not among the handful of proposals that were discussed in round 2

- Regardless, **resubmit!**
 - ~70% of successful UWT proposals awarded upon resubmission

WORKING WITH US

The UWT Office of Research is here to help!

- **Notify UWTOR** of your intention to submit by **Friday, Feb 13th** via the **Proposal Support Request Form**
- **UWTOR supports by:**
 - Preparing the **eGC1**
 - **Budget** development support
 - **Coordinating routing, submission, and responding to feedback** from UW RRF Office
 - **Proposal development** and **editing**

Refer to the **UWTOR RRF webpage** for full details: <https://www.tacoma.uw.edu/or/royalty-research-fund-rrf-opportunity>
