After the class photo, please meet your graduate outside on the plaza.

Thank you to the Tacoma Youth Symphony for their pre-ceremony performance.

Congratulations, Class of 2026!

Today, we celebrate you. Your hard work and perseverance have brought you to this exciting milestone: you are a graduate of the University of Washington Tacoma!

As a proud “Double Dawg” myself, I know firsthand what it takes to reach this moment. I hope you feel proud of what you’ve accomplished and how far you’ve come.

None of us gets to where we are alone. I want to express gratitude to the many people who supported and inspired you along the way. If your journey was anything like mine, inspiration sparked in unexpected moments. Your success is partly due to finding that inspiration and acting on it.

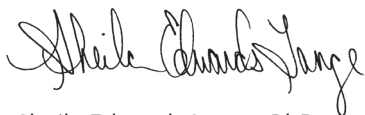

Each of you is a source of hope for our community. Even as you navigated our world’s many complexities, you kept going and persisted. As you move forward, remember you have the knowledge and potential to drive meaningful change. We will be cheering you on every step of the way.

Your UW Tacoma degree is more than a credential. A college degree remains a proven way to overcome structural inequities in our society, and it opens doors for you, your family, and your community. The journey you’ve completed helps build new pathways for all those who follow.

You join a global network of more than 600,000 University of Washington alumni, including over 35,000 graduates of UW Tacoma since our founding in 1990. I encourage you to stay connected to your alma mater and to return often as a supporter and a powerful example of what it means to be a Tacoma Husky.

I offer my most enthusiastic congratulations to you. Go Dawgs!

With admiration,

Sheila Edwards Lange, PhD
Chancellor

CHANCELLOR'S MEDAL

The Chancellor's Medal recognizes an individual who has been a consistent source of inspiration for faculty and fellow students alike, and who has overcome significant obstacles in order to complete a degree. This year, two medalists were selected.

Moira Kelley graduates from the University of Washington Tacoma with a Bachelor of Arts in Business Administration and with dual minors in Political Science and Global Engagement.

During her time at the University, Kelley distinguished herself both academically and within the campus community. She earned Dean's List honors every year and was selected for several highly regarded programs, including the Global Honors Program, the Milgard Distinction of Excellence Program, and the Dressel Scholars Program. These experiences deepened her academic perspective and connected her with a community of peers committed to positive change.

Kelley's impact on campus extends well beyond the classroom. She played a key role in revitalizing multiple student organizations, including the Student Management Club and the Pride Pack. As president of the Pride Pack, she led initiatives focused on inclusive programming and worked to foster a stronger sense of belonging across campus.

In the 2024–2025 academic year, Kelley served as vice president of the Associated Students of the University of Washington Tacoma, where she advocated for student needs and helped strengthen campus engagement. She also contributed to the Services and Activities Fee Committee, working alongside her peers to help allocate resources in ways that best support the university community.

For two years, Kelley served as a resident adviser in the Court 17 Residence Hall, supporting fellow students and building an engaging environment for students living on campus. She also worked as a student assistant in the Center for Leadership and Social Responsibility, helping advance initiatives centered on ethical leadership and civic engagement.

While managing a chronic health condition and working multiple jobs to fully fund her education, Kelley demonstrated resilience, determination, and integrity. Her commitment has had a meaningful impact on the UW Tacoma community, and her academic accomplishments and active involvement on campus reflect her strength as a leader in her community. She plans to pursue a career in event management and community engagement.

Kailey Lawless graduates from the University of Washington Tacoma with a Bachelor of Arts in Social Welfare and a minor in Criminal Justice.

Lawless's leadership is shaped by her lived experience. After overcoming significant challenges, including addiction, housing instability, and domestic violence, she committed to recovery and education, rebuilding her life through perseverance and accountability. Her journey now drives her dedication to expanding opportunities for others navigating reentry and higher education.

On campus, Lawless emerged as a leader and advocate for her peers. She served as senator for the School of Social Work & Criminal Justice in the Associated Students of UW Tacoma and as president of the Formerly Incarcerated Student Association. In these roles, she promoted equity, access, and belonging for justice-impacted and nontraditional students. As a peer navigator with Husky Post Prison Pathways, she provided direct support to students and helped build a welcoming, student-centered environment.

Beyond her work on campus, Lawless supports youth in transitional housing as an overnight case manager. She also extends her impact to the state level, serving as Communications and Outreach Subcommittee Chair for the Washington State Behavioral Health Advisory Council.

In recognition of her advocacy for marginalized communities and commitment to systemic change, Lawless received the 2025 Governor's Civic Leadership Award and the Chancellor's Civic Leadership Award. She was also named a Dressel Scholar, a prestigious UW Tacoma program recognizing outstanding academic achievement, community engagement, and leadership potential.

Building on her efforts to expand access for those who have historically been excluded, Lawless is developing a new reentry support program for justice-impacted students at Pierce College, reflecting her dedication to sustainable, systemic change and her belief in creating opportunities for others to thrive. She plans to pursue a law degree and continue advancing justice for impacted communities.

PRESIDENT'S MEDAL

The President's Medal recipient is selected from graduating seniors with the most distinguished academic record.

Jake Ness graduates from UW Tacoma with a Bachelor of Arts in Business Administration with a concentration in Finance, along with minors in Business Data Analytics and Technical Communication.

A United States Army veteran, Ness brings nearly a decade of leadership experience to his academic and professional pursuits. His military service as a Geospatial Engineer and Training Room Supervisor strengthened his analytical thinking, discipline, and commitment to mission-focused teamwork, qualities that still define his work today.

At UW Tacoma, Ness has demonstrated exceptional leadership through formal roles and peer mentorship. As chief investment officer of the Student-Managed Investment Fund and vice president of the Finance Student Association, he guided teams, supported student learning, and contributed to strategic investment decisions. He also mentored peers on case competition teams, helping the 2026 UW Tacoma team achieve a top-three international finish.

Ness's impact extends beyond campus. Inspired by his community outreach work, he developed "Selfless-Ness," a mobile app that helps volunteers connect unhoused individuals in Pierce County with essential resources and services. This achievement earned him first place and the Courage Award at the 2025 Veterans Incubator for Better Entrepreneurship Business Plan Competition.

As an accomplished scholar, veteran, and emerging leader, Ness ranks among the top students in his class with a 3.96 cumulative GPA and consistent Dean's List recognition. He participated in the Milgard School of Business Distinction of Excellence Program and was inducted into Beta Gamma Sigma, the international honor society for the top 10 percent of undergraduate business students.

Grounded in humility, intellectual rigor, and a strong sense of service, Ness exemplifies the leadership, scholarship, and community engagement that define the University of Washington Tacoma. He plans to build a career in finance and analytics that emphasizes ethical leadership while expanding access to financial knowledge and opportunity.

ABOUT THE GONFALONS

The gonfalons are the large vertical banners carried on poles during the processional and then stood on the stage for the ceremony. The largest one, carried by the Guardian of the Gonfalons, represents the university. The others, carried by a gonfaloniere, represent each of the academic schools. The term originates from a medieval Italian word for a heraldic flag that represents a community.

At UW Tacoma, the Guardian is usually an alum and the Gonfalonieres are selected from among the graduating students in each school.

ACADEMIC REGALIA

When European universities were taking form in the 12th and 13th centuries, the scholars usually were clerics as well, and they adopted dress similar to that of their monastic orders. Buildings were cold and drafty, so caps and warm, floor-length capes with hoods were necessities. As control of education passed from the churches, the dress was modified in various ways, and there was great diversity in the color and style of cap, gown and hood worn at different institutions. In 1895, a standardized code of academic dress was established that is followed by most colleges and universities in the United States today.

At the University of Washington, the bachelor's and master's gowns are black. The doctoral gowns are purple with purple and gold hoods and are distinguished by three velvet chevrons on each sleeve. The matching mortarboard or tam has a long tassel, and is worn over the left side of the cap. The colors of tassels or hoods are distinctive of the candidate's academic program (in most cases). Honor cords identify students who are graduating with academic honors and are worn loosely around the neck.

ABOUT THE MACE

University of Washington ceremonial occasions begin with the entrance of the University Mace, carried by the faculty marshal. A mace was originally a weapon used by mounted knights for protection. It since has become a symbol of authority indicating that the proceedings to follow have official sanction. The current mace was presented to the University by the Alumni Association in 1961.
