Milgard 110 & Milgard Lobby

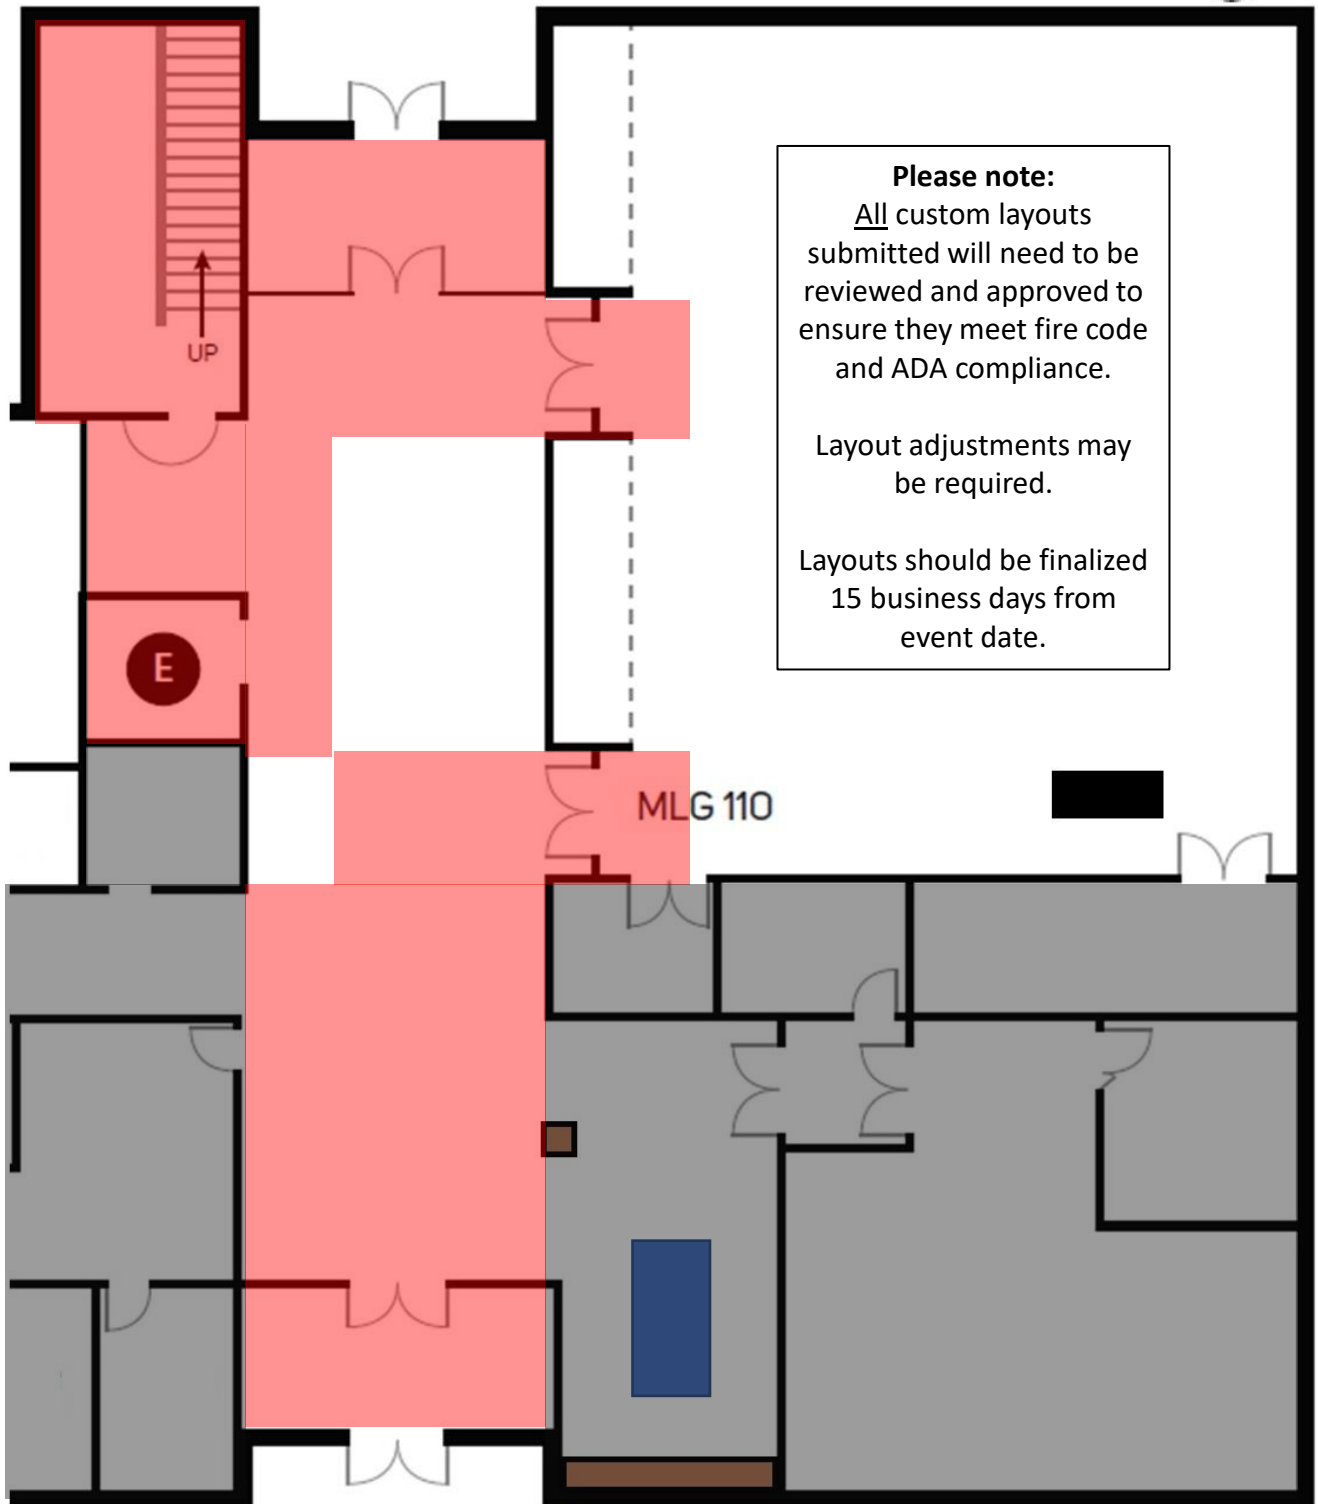

Please note: Diagram not 100% up to scale.
Actual furniture setup may have a few
adjustments to accommodate spacing and
adhere to fire code.

RESTRICTED AREAS:

Fire exits, entry ways, narrow hallways, and stairwells — all of these areas must retain clearance. NO furniture can be placed in these areas (highlighted in red/grey boxes).

Please note: Diagram not 100% up to scale. Actual furniture setup may have a few adjustments to accommodate spacing and adhere to fire code.

A photograph of a large, modern lecture hall or conference room. The room features a high ceiling with a complex, geometric, white acoustic ceiling structure and several long, cylindrical pendant lights hanging from it. A large, white projection screen is mounted on the front wall. The room is filled with rows of long, white rectangular tables and black plastic chairs, arranged in a tiered fashion. The walls are a neutral color, and the floor is covered with a patterned carpet. The text "MILGARD 110" is overlaid in large, bold, white letters, and "Layout Samples" is overlaid in a smaller, white font below it.
