— OR —

☐ History of disease

HEALTHCARE PROVIDER’S NAME

ADDRESS

( ) PHONE #

I certify the accuracy of the above information.

HEALTHCARE PROVIDER SIGNATURE / TITLE  DATE
ABOUT MEASLES IMMUNITY VERIFICATION

ALL NEWLY ENROLLED STUDENTS ARE REQUIRED TO PROVIDE PROOF OF MEASLES (RUBEOLA) IMMUNITY. This information is used to document compliance in the registrar’s database. Students must submit measles verification no later than week 3 of their first quarter of attendance or a hold will be placed preventing future registration. (Students enrolled in the Nursing and Social Work programs are exempt from this requirement.)

Students born before Jan. 1, 1957, are considered to be immune to measles and therefore do NOT need to submit proof of immunity.

Proof of immunity means:

1. Documented proof of two live measles (rubeola) vaccinations, both given after Jan. 1, 1968. These must have been given:
   a. without immune globulin or other blood products; and
   b. no earlier than 12 months of age; and
   c. at least four weeks between doses
   — OR —

2. Documented positive measles (rubeola) titer (blood test for antibodies against measles)
   — OR —

3. Documented history from your doctor or healthcare provider of measles (rubeola) disease.

INSTRUCTIONS FOR COMPLETING THE MEASLES IMMUNITY VERIFICATION FORM

COMPLETE THE FORM ON THE OTHER SIDE!

1. Complete the top portion of the form titled “Part I: Student Information.”

2. The second part of the form offers a choice of how to submit proof of measles immunity. You may either:
   a. Attach copies* of your original immunization records or lab results
   — OR —
   b. Attach a statement on letterhead stationery from your healthcare provider
   — OR —
   c. Provide certification by your doctor or healthcare provider on the bottom of the form.

3. Submit this form with any necessary documentation by mail or fax, or drop it off in person.

* Please do NOT send original records. Always keep the original or a copy for your own personal records.
