I AM REQUESTING A WAIVER OF:

Admission Requirement: □ English Composition □ Foreign Language X Mathematics
Other (Please explain): 15 credit cross-campus enrollment allowance

Graduation Requirement: □ Residency □ Other (Please explain): 

EXPLAIN THE REASONS FOR YOUR REQUEST
You may attach an additional sheet if necessary. Please limit your explanation to no more than 400 words
Dear UW Tacoma Academic Policy Committee,

I am an accounting student with a minor in math and when I first started here at the Milgard School, I planned on applying as a Post Baccalaureate student at the Seattle campus in Chinese and am currently a candidate for the Asian Languages and Literature Department. I took the 100 level classes offered at this campus, but during the course of this year have had to take the 200 level classes in Seattle due to Tacoma not offering them. As a result, I have used up the 15 credit cross-campus enrollment allowance. This brings me great concern because I still need three math classes to satisfy my graduation requirement and it looks like the professor here won’t overload one of the classes I need even though there are seats available and I’ve attended the class from the start. I will need to take MATH 307 AND 308 in the summer in Seattle and also perhaps MATH 390 this quarter in Seattle. Due to UW Tacoma offering limited classes in math and accounting at specific times throughout the year, I have found it extremely difficult to make my schedule fit well together.

Sincerely,

Albert E. Harris

Kerry

No, IAS will not waive the UWT residency policy concerning the math minor.

Heather

Subject: Harris, A. (Math minor)

Heather,

Albert Harris (10356321) declared the Math minor in Spring 2014 and he might be taking his remaining credits on the Seattle campus if his graduation petition to exceed the annual maximum of 15 cross-campus enrollment credits is approved. Before the petition gets forwarded to APCC for review, I need an answer from Math faculty about whether or not they'll waive the UWT residence requirement of 9 UWT credits.

NO Mathematics Minor Residency Requirements
A minimum of 9 credits in coursework numbered 301 or higher must be completed in residence at UWT. 22 credits must be completed at UWT or through college transfer (not AP) coursework.

IP- 1) Upper-division at UWT
   AU12 2T BUS 301 0.0 2.5 QUANT METHODS
   SP14 2T BUS 301 5.0 IP QUANT METHODS
   Needs: 4.0 credits

Thanks for checking.
