

2021 Contemporary Accounting Forum: "Technology in Accounting"

The Contemporary Accounting Forum covers topics relevant to accounting in today's business environment. This year's topic is Technology in Accounting. A panel discussion by experienced business professionals will cover areas of interest such as:

- What is the current technology and how does it help?
- What role does technology play in the future of accounting?
- What is the impact to clients?
- What skill sets and/or training will be required?

This year's panelists include:

Chad Banales, Davita – SOX Manager
Chris Ebert, BDO – Tax Senior Manager
Jason Embick, True Blue – Corporate Controller
Sandeep Verma, Milgard School of Business – Executive in Residence
