The diagram above shows:

**No tables or chairs**

Actual number of items and setup can be adjusted.

**PLEASE NOTE:**

This diagram shows only a possible setup - often the most capacity and/or the most comfortable. Most setups are able to be adjusted for client's specific needs. Actual placement of items may vary slightly.

**When submitting a setup request:** It is acceptable to select or reference the most similar setup option and then list any preferred adjustments. We will always work one-on-one with clients to confirm all setup needs and requests. Not all requests may be able to be accommodated.
