# Request to Add or Change a Course Fee

## Instructions for fee submissions

Course fees are charged for some course sections in addition to tuition. Academic departments, with the approval of the respective Dean or Director, may add course fees to specific sections. The course fee will be applied to the academic department's course fee budget number indicated on the form. **Course fees may not be added or changed to an existing course in the Time Schedule, after the registration period has begun.**

**Course Fees in Excess of \$50:** Any course fees, for new or existing courses, that exceed a total amount of \$50 must also be approved by the Office of Planning & Budget. A final review of course fees in excess of \$50 will be done once the initial Tacoma campus review and approval is complete. *Please allow additional time for review, if the requested fee will exceed a total amount of \$50.*

It is the responsibility of the Department to notify the Office of the Registrar of any additions or changes in fees to existing courses in the Time Schedule.

## How the fees are applied to students:

- Payment is due by the third Friday of the quarter and a late fee is charged for past due balances.
- Any Financial Aid the student is receiving will apply to the Course Fee.
- Non-payment by the end of the quarter results in the account being turned over to an outside collection agency and reported to the student's credit bureau or may impact the student's credit rating.

## Refunds:

- If the the course is dropped by the 14th calendar day of the quarter, the course fee is automatically cancelled from the student's account.
- If the course is dropped after the 14th calendar day, the course fee is presumed to be owed and remains on the student's account.
- Cancellation of a course fee after the 14th calendar day is processed by the Office of the Registrar.
- These fees cannot be cancelled after the end of the academic quarter.
- Departments must request a refund from the departmental budget for any type of adjustment starting with the Office of the Registrar.
- It is recommended that departments establish and publish a refund policy for adjustments to a course fee after the second week of the quarter.

**Submit form to the Office of the Registrar - University of Washington Tacoma**
