It is with great pleasure that I present this snapshot of the milestones and accomplishments created in 2018-2019 by the University of Washington Tacoma Division of Student Affairs. The division encompasses 13 units and five programs, and the central focus of the last year was simple: the development and implementation of essential, student-centric services and programs that enrich the student experience and facilitate student success. Collectively, these efforts resulted in positive gains in students’ cognitive and affective development, as well as their overall satisfaction with the University (National Survey of Student Engagement, 2019). We remain steadfast in our commitment to expand access to a university education, cultivate a student’s sense of belonging and facilitate career readiness for all students.

At Tacoma, we are all involved. Special thanks to every member of the Student Affairs staff who show up every day, ready to be there for our students. The future promises to be exciting.

A WHOLE NEW STUDENT AFFAIRS

In July 2018, Student & Enrollment Services was officially renamed Student Affairs. This change more accurately reflects the recent growth of the division, as well as better aligns with national practices and standards. Office and position realignments also occurred, to best position the division for the continued growth and future of UW Tacoma.
**KEY HIGHLIGHTS**

THE BLUEPRINT TO OUR WORK
The Division of Student Affairs is guided by the following vision, mission, and values.

Vision
Student Affairs empowers students to envision their most rewarding future and supports them to engage the resources of UW Tacoma and the South Sound to make their vision a reality.

Mission
Student Affairs champions holistic learning and success for UW Tacoma students. We remove barriers for students, engage them as partners to create an inclusive campus community and equip them for lives and careers that have meaning and impact.

Core Values
> Accountability: We do what we say we will do and accept responsibility for the quality of our work.
> Empowerment: We provide students and colleagues with the best tools and guidance we can, so they can be successful and make knowledgeable decisions.
> Equity: We use our voices and decisions to create processes, policies and systems that are just, impartial and fair.
> Grit: We acknowledge that people and communities can experience hardship, failures and setbacks. We empower our students and one another to see shortfalls as feedback and opportunities for learning and improvement.
> Inclusivity: We collaborate with students, colleagues and partners through processes that empower participants and create a true sense of belonging.
> Service: We engage others in an open, friendly and responsive way that conveys we are willing to listen and understand each individual’s situation. We respond appropriately and in a timely and professional manner.
> Student-Centeredness: We clear the way for students to have a voice in shaping their UW Tacoma experience and ensure that students’ experiences are considered in every conversation and decision of which our team is a part.
