Use our snapchat lens and look for fellow grads on social media

#uwtgrad
Congratulations, Class of 2021

In what unfortunately now seems almost routine, I sit working in my home office, concluding another long day of Zoom meetings.

In my thoughts are the thousands of students, and hundreds of faculty and staff of UW Tacoma. My longing for companionship and interaction on campus increases every day (but autumn 2021 and our return are right around the corner!). I can only imagine what it has been like for you.

In particular, as I write this, my thoughts are with the more than 2,000 members of the Class of 2021, whom we honor during this season with our second-ever virtual commencement ceremony. And I’m certainly not forgetting the more than 2,000 members of the Class of 2020, who had the dubious distinction of making history as the first ever to have a virtual commencement at UW.

These 4,000 UW Tacoma alumni, proud Huskies every one of them, along with the rest of us, have been through some incredibly challenging times. And this is not just limited to the last 14 months of COVID-19. With the political, social and economic upheavals we have all experienced, getting a college degree is a monumental achievement, even without the first pandemic since 1918.

The fact that you all have made it to this point, with the invaluable support of your friends and loved ones, gives me great hope for the future of this campus, this region and the greater global community. You are our future leaders, and you have already shown the stuff you are made of!

This will be my last Commencement serving as your Chancellor. As I write this, the search is well underway for my replacement. Whoever that person will be, I know they will be joining a community that is stronger than ever. I believe that is true of you, too, and we who have the pleasure and the privilege of serving you could not be prouder. You ARE the class of 2021!

And now you, as freshly minted University of Washington degree-holders, have a collective responsibility to help others find their way through to their dreams. Go out into the community as workers, leaders, voters, parents, caregivers, partners, and maybe even as students again, and stand alongside those that need you. You have our blessing and our deepest gratitude.

Congratulations again, Class of 2021!

Mark A. Pagano
Chancellor
ACADEMIC REGALIA

The academic dress worn by scholars originated in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars usually were clerics as well, and they adopted dress similar to that of their monastic orders. Buildings were cold and drafty, so caps and warm, floor-length capes with hoods were necessities. As control of education passed from the churches, the dress was modified in various ways, and there was great diversity in the color and style of cap, gown and hood worn at different institutions. In 1895, a standardized code of academic dress was established that is followed by most colleges and universities in the United States.

At the University of Washington, the bachelor's and master's gowns are black. The doctoral gowns are purple with purple and gold hoods and are distinguished by three velvet chevrons on each sleeve. The matching mortarboard or tam has a long tassel, and is worn over the left side of the cap. The colors of tassels or hoods are distinctive of the candidate's academic program (in most cases). Honor cords identify students who are graduating with academic honors and are worn loosely around the neck and hang down in the front.

Master's hood colors

Master of Accounting .............................................................. Royal blue hood  
Master of Arts ................................................................. White hood  
Master of Business Administration ........................................ Royal blue hood  
Master of Cybersecurity and Leadership .................................. Gold hood  
Master of Education .......................................................... Light blue hood  
Master of Nursing ............................................................... Apricot hood  
Master of Science ............................................................ Gold hood  
Master of Science in Business Analytics ..................................... Royal blue hood  
Master of Social Work ............................................................ Citron hood

Tassels

Bachelor of Arts degree .............................................................. White tassel  
Bachelor of Arts in Business Administration ................................... Royal blue tassel  
Bachelor of Science degree ...................................................... Gold tassel  
Bachelor of Science in Electrical Engineering ................................ Orange tassel  
Bachelor of Science in Nursing .................................................... Apricot tassel  
Veteran or active-duty military .................................................. Red, white and blue tassel  
Master's degree ........................................................................... Black tassel

Cords

Baccalaureate honors ............................................................... Gold cord  
Faculty honors ............................................................................ Purple cord  
Global honors ............................................................................ Ivory cord
Awards & Recognition

Each year at Commencement we recognize outstanding faculty and students. These awards are symbolic of the many hundreds of public servants and thousands of students at UW Tacoma working together to foster a thriving and equitable society.

DISTINGUISHED TEACHING AWARD

The award recognizes a faculty member who demonstrates a mastery of their subject matter, the ability to engage diverse students both within and outside of the classroom, and strives for innovation in course design.

Assistant Professor Weichao Yuwen is focused on creating an inclusive learning environment. Dr. Yuwen does this in a number of ways including through the use of a variety of instructional methodologies and assessments and by selecting a diverse range of course materials.

Her work transcends the classroom. Dr. Yuwen is a member of the Diversity Advisory Committee at the Washington Center for Nursing as well as chair of the UW Tacoma School of Nursing & Healthcare Leadership Graduate Program Committee where she is helping lead the effort to revise the Master of Nursing program.

Dr. Yuwen is committed to creating lifelong learners who continually assess and critique their knowledge as well as the world around them. To that end, she encourages students to become part of her research team. This work prepares students for life after graduation by providing real-world experience but it also reinforces Dr. Yuwen’s philosophy of including a range of voices and perspectives.

DISTINGUISHED RESEARCH AWARD

This award is to recognize a faculty member who has achieved a record of notable scholarship or creative activity, has generated new knowledge or creativity that impacts their intellectual discipline, and has contributed to the intellectual climate of the UW Tacoma campus and its communities.

UW Tacoma Professor and Director of the Center for Business Analytics Haluk Demirkan came to the Milgard School of Business in 2014. Since then he has published three books and three dozen scholarly articles. He has also contributed seven book chapters and presented at 19 conferences.

Dr. Demirkan is considered one of the foremost scholars in the fields of Service Oriented Technology and Business Analytics. His current research is focused on developing trustable smart machines that will increase both an individual’s and an organization’s efficiency.

In his role as Director of the Center for Business Analytics, Dr. Demirkan helped develop partnership projects that connect UW Tacoma students to the community. Students are tasked with using data to address a problem facing a business or organization. In the past four years, students in the Master of Science in Business Analytics program have worked on more than 50 projects.
DISTINGUISHED COMMUNITY ENGAGEMENT AWARDS

The Distinguished Community Engagement Award recognizes the important and innovative community-based work being done by faculty at the University of Washington Tacoma.

The Community Engagement Legacy Award recognizes Professor Divya McMillin. There’s hardly a corner of campus that Dr. McMillin hasn’t touched in her more than twenty years at UW Tacoma. Dr. McMillin started with a goal in mind: to organize an effort to build programs that created partnerships for institution-building as well as collaborations for community problem solving.

During her tenure, Dr. McMillin helped establish the Global Honors Program, the Institute for Global Engagement—now the Institute for Innovation and Global Engagement—and the Global Innovation and Design Lab. These programs connect students to community partners and provide an opportunity to learn and research as well as provide valuable insight to address issues facing the Greater Tacoma region.

The Community Engaged Learning Award in Environmental Stewardship recognizes Associate Teaching Professor Julie Masura for creating co-learning opportunities for students and community partners. Masura serves on the board of the Puyallup River Watershed Council and is Board President of Sound Experience, a nonprofit that provides a boat-based environmental outreach program aboard the century-old schooner the Adventuress.

Masura is committed to getting both undergraduate and graduate students involved with her work monitoring plastic pollution in the Salish Sea. Mentor-conducted research is often presented at conferences and included in reports for a variety of agencies including the United States Geological Survey and the Washington State Department of Fish and Wildlife.

The Community Engagement Award in Institutional and Systems Analytics recognizes Associate Teaching Professor Margo Bergman and Professor Haluk Demirkan. Through her work with the Milgard School of Business’s Master of Science in Business Analytics program, Dr. Bergman coached a group of students to assess the economic impact on the region of Joint Base Lewis-McChord. Dr. Bergman also teamed with the City of Puyallup on ways to reinvigorate the local economy during the pandemic.

As Director of the Center for Business Analytics, Dr. Demirkan has spearheaded a project that matches students with area businesses and organizations. Students are tasked with gathering data and using the information provided to help address a real-world problem.
The Community-Centered Engagement Award recognizes Dr. Robin Starr Zape-taholah Minthorn. Dr. Minthorn has brought her passion and commitment to working in Indigenous communities from New Mexico to the Pacific Northwest. Dr. Minthorn helped build a partnership with the Muckleshoot Tribal College to create an Indigenous-centered cohort within the doctoral program in Educational Leadership. Courses in the program are taught by Native American faculty/instructors or by individuals who have worked closely with tribal communities. Dr. Minthorn’s larger body of work focuses on Indigenizing higher education and making colleges and universities more accessible to Native American students.

The Sustained Community Engagement Award recognizes Teaching Professor Tom Diehm. Generations of students and a multitude of organizations have benefited from Dr. Diehm’s sustained commitment to creating community-based education opportunities. Dr. Diehm has spent 23 years as Director of Field Education for what is now the School of Social Work & Criminal Justice. During his tenure he has established and maintained relationships with Mary Bridge Children’s Hospital, Tacoma General Hospital, Tacoma Community House and many similar organizations. These relationships opened doors for students by providing an opportunity to gain valuable experience thorough fieldwork.

The Community Engagement Award in Human Rights recognizes Associate Professor Vanessa de Veritch Woodside. Dr. de Veritch Woodside, along with Co-Principal Investigator Assistant Professor Rachel Hershberg, developed a project to advocate for immigrants held at the Northwest Detention Center (now Northwest ICE Processing Center).

Dr. de Veritch Woodside collaborated with AIDNW, Tacoma Community House and Northwest Immigrant Rights Project. Students also played an active role in the three-year collaboration that resulted in the publication of reports and papers that address the needs of those housed in the Processing Center as well as insights into the needs of DACA students at UW Tacoma.

STUDENT SPEAKER

First-generation student Davina Pasillas attended community college right out of high school. She took a few classes before deciding the time wasn’t right. She enlisted in the U.S. Army and served four years, including a stint in South Korea. The Rialto, Calif., native ended up finishing her military career at Joint Base Lewis-McChord.

Pasillas finished her associate’s degree at Tacoma Community College before enrolling at UW Tacoma. She graduates with a degree in Ethnic, Gender, and Labor Studies. Pasillas worked for the Office of Student Engagement and was active in Legal Pathways.

Pasillas is interning with a local law firm this summer. The mother of two plans to continue her education and is looking into getting a master’s degree or a juris doctorate. Pasillas is interested in becoming a labor advocate or working in the field of family law.
CHANCELLOR’S MEDAL

The Chancellor’s Medal recognizes an individual who has been a consistent source of inspiration for faculty and fellow students alike, and who has overcome significant obstacles in order to complete a degree.

Kirsten Lynn Hargett has kept busy during her time at UW Tacoma. The 22-year-old double-majored in biomedical sciences and psychology. Hargett also served as Outreach Coordinator and Chair for the Student Activities Board as well as Director of Internal Affairs and Communications for ASUWT.

Her passion for translational medicine led her to travel to Bolivia for an integrated experiential learning program as well as to conduct research alongside Assistant Professor Kelly Kim on finding a bioactive way to defeat Chagas Disease. In addition to those capstones, Hargett also created her own research project with Dr. Stanley Langevin looking into the presence of bacteria on feminine hygiene products at the RAIN biotech incubator just a few blocks away from UW Tacoma.

Hargett was recently named to the 2021 cohort of the Husky 100. The tri-campus award honors students who have made the most of their UW experience. Hargett will start work at a pulmonary lab in late June at UCSF. She will apply to medical scientists training programs next summer and hopes to be accepted to a dual MD/PhD program the fall of 2023.

PRESIDENT’S MEDAL

The President’s Medal recipient is selected from graduating seniors with the most distinguished academic record. This year’s medalist earned a 4.0 GPA.

Virginia native Teresa Jeanette Dennerlein moved to the Pacific Northwest in 2015. Prior to her arrival, she spent three years performing with an indie folk band. Dennerlein’s natural curiosity and the experience of touring the United States sparked her interest in higher education and ultimately led her to UW Tacoma.

Dennerlein graduates with a degree in Politics, Philosophy, and Economics. For 2019-21, she was named a Dressel Scholar, a program of financial support and mentorship named in memory of Melanie Jan LaPlant Dressel. She served as the Student Government Elections Administration Chair for ASUWT as well as Senator for the School of Interdisciplinary Arts & Sciences. She received an internship to work in a state senator’s office through the Legal Pathways program. This past quarter Dennerlein also participated in the Washington State Legislative Internship program.

Dennerlein works as a paralegal and plans to continue on this path until the fall of 2022 when she hopes to start law school. Her long-term goal is to work for the Department of Labor or the Department of the Interior.
UNIVERSITY OF WASHINGTON TACOMA
31ST COMMENCEMENT CEREMONY
JUNE 12, 2021 • 10 A.M.

ΦΑ Phi Alpha Honor Society, UW Tacoma ΞΠ Chapter (Social Work)
Baccalaureate degrees

Degrees awarded on completion of all graduation requirements. Listing in this program does not indicate that all requirements have been met.
SCHOOL OF ENGINEERING & TECHNOLOGY

Bachelor of Arts, Computer Science and Systems

Jorge L. Aguilar-Flores
Sasha Marie Amador
DeMarco Ray Best II
Tung Thanh Dang
Zixuan Hu
Dongyeon Joo
Jun Yeob Kim
Brandon Jason Lo
Alec Mac
LaKeisha Cherelle Morris
Jiayu Peng
Ruvim Radchishin
Tyre L. Silvia
Kidus Siyoum
Jess Kanani Smith
Nicolas F. Steinacker-Olsztyn
Michele Wagoner

‡ Double degree earned

ΦΑ Phi Alpha Honor Society, UW Tacoma ΞΠ Chapter (Social Work)
Academic Honors

Official honors are awarded to undergraduates once final credit and grade point requirements are met and posted to the student's transcript.
Baccalaureate Honors

Baccalaureate honors are awarded upon graduation to undergraduates earning their first bachelor’s degree with a minimum of 90 UW credits. Summa Cum Laude recognizes the top 0.5% of the program, Magna Cum Laude is the next 3% and Cum Laude is the next 6.5%. Graduates who have earned baccalaureate honors wear a gold honor cord.

**Summa Cum Laude**

Lauren M. Arndt, Criminal Justice
Ranie Marie Betzina, Marketing
Taylor Ryan Braden, Environmental Science
Christopher Brandt, Criminal Justice; Psychology
Brian Brinkman, Psychology
Amber Cook, History
Grace Ann Dalrymple, Finance

FACULTY HONORS

Faculty honors is a designation at UW Tacoma created to acknowledge the merit of students with the grade point average equivalent for baccalaureate honors who have not completed the minimum 90 UW credits. Graduates who have earned faculty honors wear a purple honor cord.

Sarah Abruzzini, Biomedical Sciences
Felix Augusto Aráoz, Politics, Philosophy, and Economics
Lauren Marie Asher, Psychology
Andrey P. Babin, Nursing
Richard Bankhead, Computer Science
Fernie Anne Bautista, Nursing
Ashley A. Block, Psychology
Alana M. Bobo, Nursing
Kristi Ann Breton, Social Welfare
Ekaterina Dmitrievna Brown, Nursing
Stacey Dawn Bugg, Nursing
Annette Bunker, Nursing
Fanny Castro, Business Administration
Fiona Dahl, Environmental Science
Heivett Dakis, Nursing
Harmanjit Dhillon, Biomedical Sciences
Hannah Leigh Durnin, Interdisciplinary Arts & Sciences
Mary Elizabeth Engleman, Writing Studies
Conor Flannigan, Sustainable Urban Development
Lushi Fu, Accounting
Stephanie Elyse Gillman, Nursing
Jason Glenn, Communication
Lascelle Clarence Grizzle, Nursing
Ashriya Gupta, Management
Alyssa Dawn Gustafson, Psychology
Hailey Sue Haverkamp, Environmental Science
Turner A. Hibbs, Mathematics
Johnathan S. Hogan, Business Administration
Amanda Bello Juchau, Biomedical Sciences
Walter Russell Kage, Computer Science
Taehong Kim, Computer Science
Lena Kondratyev, Accounting

Catherine Marie Kuper, Business Administration
Jonathan Shek Kwan, Finance
Nathan Matthew Lawson, Management
Soo Lee, Nursing
Riley Marie Lewis, Business Administration
Aryka Lor, Psychology
Marcia Ann Lovin, Psychology
Matt Mackler, Biomedical Sciences
Natalia Maistruk, Accounting
Emilio Lawrence Mancol, Finance
Emma B. Marlow, Nursing
Christopher James McCallister, Politics, Philosophy, and Economics
Jevne Tomlinson Meyers, Politics, Philosophy, and Economics
Toyica Sherona Morrison, Social Welfare
Inessa Mungua, Nursing
Joy Okot-Okidi, Information Technology
Jesse Javier Chun Palacios, Nursing
